

Your vehicle requirement

Complete what you know. Leave unknown items blank; a model reference is enough to start.

Buyer & destination

Name / company

Email or WhatsApp with country code

Destination country

Discharge port / final inland location

Model / equipment type

Quantity / preferred condition

Equipment & work

Material or cargo / intended work

Route, daily distance, gradients / road conditions

Truck: body size, steering, engine or driveline requirements

Lowbed: machine model, weight and transport L x W x H

Lowbed: tractor coupling details / loading method

Purchase timing

Optional budget, currency and delivery basis

Save your completed copy, then send it by email or your chosen contact channel. Filling this PDF does not send an inquiry. Use the website form for an online request.

Evidence to request

Request evidence for the SAME selected unit. Record what is still missing.

Selected unit - to be confirmed

Selected-unit reference / chassis or serial reference

Evidence date / source contact

Evidence requested / reference received

For each item, note: requested / received / still missing, and the file or link reference.

Identity & configuration

Vehicle views, model/year records, chassis and engine plates.

Chassis, tires, cab & body

Dated close-ups; known wear, damage, leaks and repairs.

Cold start - original sound

Continuous start and instrument-panel video; identify the same unit.

Driving & braking

Ask what tests are feasible and who will perform them safely.

Working equipment

Dump: full tipping cycle. Trailer: ramps, connections and lashing points.

Dimensions / specification

Body or deck measurements, component models, drawing where available.

Inspection arrangements

Inspector, access, scope, date and fees must first be agreed.

This blank worksheet is not an inspection report, certificate, stock confirmation or service commitment. Test feasibility, work, costs and documents require agreement for the selected equipment.

Quotation & preparation scope

Use this page to compare a written offer. Unknown costs are not zero.

Offer details - to be agreed

Quotation reference / date / expiry

Named trade term and port

Proposed shipping scope / method

Equipment price / currency

Freight / insurance: included or separate?

Destination fees, taxes and inland delivery: included, excluded or unknown?

Proposed payment stages and acceptance evidence

Repairs and exclusions - to be agreed

Mechanical work / parts: proposed, agreed or excluded?

Tires, cab, body and paint: proposed, agreed or excluded?

Documents and completion evidence to agree

Open questions / exclusions / local checks still needed

This blank worksheet is not an inspection report, certificate, stock confirmation or service commitment. Test feasibility, work, costs and documents require agreement for the selected equipment.
